

DETAILED ACTION

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Covent and Tarja Naukkarinen on February 25, 2009.

The application has been amended as follows:

In the claims:

In claim 30, line 12, "(CH₂)_pR¹⁸" has been deleted.

In claim 30, line 12, ---(CH₂)_pR¹³--- has been inserted after "or".

In claim 41, line 12, "(CH₂)_pR¹⁸" has been deleted.

In claim 41, line 12, ---(CH₂)_pR¹³--- has been inserted after "or".

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The invention was found free of the prior art. The compounds of formula I were not found to be obvious or anticipated by the prior art of record. The prior art does not teach or suggest the 5-substituted-1-arylpyrazole-3-carboxylic acid compounds substituted in the manner claimed by the Applicant. The closest prior art is Salmon et al. (WO 94/21606) which teaches the compound of instant formula (I) wherein $R_1 = C(NH)OR_{203}$, $R_{203} = \text{alkyl}$ or haloalkyl, $R_2 = S(O)_nR_{203}$, $n = 0, 1, \text{ or } 2$, $R_3 = OH$, $R_4 = H$ or halogen, $R_5 = \text{haloalkyl}$ and haloalkoxy, and $W = C\text{-halogen}$ or N (see claims 1 and 11 of Salmon et al.).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 13, and 28-49 are allowed.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public

Art Unit: 1616

PAIR. Status information for unpublished applications is available through Private PAIR Only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>.

Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Examiner Courtney Brown, whose telephone number is 571-270-3284. The examiner can normally be reached on Monday-Friday from 8 am to 4:30 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's Supervisor, Johann Richter can be reached on 571-272-0646. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
